Description :

Prsentation de l'diteurThis modern re-telling of the Beauty and the Beast Fairytale is the story of Lt. Christopher Jameson AKA Beast, a Marine born with a severe facial deformity. Award winning author Pepper Pace gives us an enticing twist with the introduction of Ashleigh, a plus size beauty with identity issues. This adult romance will leave you questioning the definition of beauty. Adult themes include: sex and language and is intended for adult readers only. Please note that the cover has changed but this is the original book.Excerpt:Christopher hit the shower and tried not to scowl. The lady had come in making everything smell pink like flowers. Gyms were supposed to smell like sweat and hard labor. Hed seen girls like that

before. They came in dressed in designer workout clothes and were all gung-ho the first day, maybe even the first week. But then they disappeared. Hed seen her come in, using the mirrors so that he wouldnt have to turn around. She was curvy. Her stretchy sweat pants pulled across her more-than ample-bottom and he noted the way her rear-end moved when she walked. When she bent to stretch Christopher had stopped peeking, her butt was pointed right at the reflection in the mirror that he was using to see her. Her shirt had slipped up some and her pants had slipped down a bit and he could see cute pink panties and a bit of her crack.He suppressed a growl. Why was this lady wearing pink and smelling pink invading his space?! And why was she in here so early? Well he had no plans of changing his workout time, so she could just change hers if she didnt like him here.~Praise for Beast!~BEAST is one beast of a story!-Violette Dubrinsky, author Taken By MoonlightThis novel was beyond exceptional.
