## Description :

Prsentation de l'diteurBlue smoke and madness: that is what Alex finds when a being only she can see, touch and hear enters her life.Clive is a demon. Not figuratively, but literally - a real life demon complete with red cat-suit and velvet horns. Initially playful and fun, Clive directs Alex's life deeper and deeper into darkness, despair and death. Is Clive real or is he just inside Alex's head? I found it very hard to categorise this novel.

It is made up of a large helping of chick-lit, some humour, some dark fantasy and some downright scary horror. Lisa's writing style is very easy to read without using over-complex words or overusing the thesaurus - and overall she delivers a very rewarding story that I should point out is rather graphic in some places. The story really did keep me turning the pages right up until the end. - Shaun Horrigan, UK AMAZON VINE VOICE and TOP 50 REVIEWER\*This book was formally titled My Demon.\*Prsentation
