Description :

Prsentation de l'diteurAn exhilarating reinvention of the gothic novel, inspired by the iconic characters of our greatest myths and nightmares.The body of a young girl is found mangled and murdered in the woods of Hemlock Grove, Pennsylvania, in the shadow of the abandoned Godfrey Steel mill. A manhunt ensuesthough the authorities aren't sure if it's a man they should be looking for. Some suspect an escapee from the White Tower, a foreboding biotech facility owned by the Godfrey familytheir personal fortune and the local economy having moved on from Pittsburgh steelwhere, if rumors are true, biological experiments of the most unethical kind take place. Others turn to Peter Rumancek, a Gypsy trailer-trash kid who has told impressionable high school classmates that he's a werewolf. Or perhaps it's Roman, the son of the late JR Godfrey, who rules the adolescent social scene with the casual arrogance of a cold-blooded aristocrat, his

superior status unquestioned despite his decidedly freakish sister, Shelley, whose monstrous medical conditions belie a sweet intelligence, and his otherworldly control freak of a mother, Olivia. At once a riveting mystery and a fascinating revelation of the grotesque and the darkness in us all, Hemlock Grove has the architecture and energy to become a classic in its own right and Brian McGreevy the talent and ambition to enthrall us for years to come.

Revue de presse It takes a rare stroke of genius to reconfigure the gothic novel within the postindustrial barrens of steel country, and another entirely to upstage this conceit with a mythic and ambitious story of adolescence and alienation. Like a collaboration between Edgar Allan Poe and J. D. Salinger, this is a real emerging talent. --Philipp Meyer, author of *American Rust*. A wonderfully creative and twisted reinvention of classic monster archetypes, wrapped up in a mysterious thriller. I loved it. Brian McGreevy is a welcome new voice in horror literature, but be warned: it's not for the faint of heart, or stomach. --Eli Roth, director of *Hostel*. This is . . . horror with a respect for its literary antecedents Yvonne Zipp, *The Washington Post* --various

Presentation de l'auteur An exhilarating reinvention of the gothic novel, inspired by the iconic characters of our greatest myths and nightmares.
